

### Section 1 – Chemical Product and Company Information

<b>Product name:</b>	<b>Scented Salt Scrubs</b>	<b>Manufacturer: Soothing Touch</b>
<b>Chemical formula:</b>	<b>Mixture</b>	<b>35 Bisbee Ct Santa Fe, NM 97508</b>
		<b>1-505-820-1054</b>

### Section 2 – Composition/Information on Ingredients

Name	CAS #	%	Exposure limits
Sodium Chloride	7647-14-5	70-80	
Fragrance	Varies	20-30	None established
Natural minerals, from sea salt	Varies	Trace amounts	None established

### Section 3 – Hazards Identification

Potential Health Effects. This product is a mixture for which no specific health hazard data exists. OSHA requires that one should assume such mixtures present the same health hazards as do any components present in amounts greater than 1% (0.1% for carcinogens).

The formula for this product is a trade secret. One or more of the components may pose the following health effects:

Possible Routes of Exposure: Skin and eye contact, ingestion

Target Organs: None known.

Acute Effects: May cause eye, skin, or respiratory irritation. If product is irritating to an individual he or she should discontinue its use.

Ingestion of large quantities may cause gastrointestinal irritation, nausea, and vomiting.

Carcinogenicity: No components present >0.1% are listed as carcinogens.

Chronic Effects: None anticipated; if product is irritating to an individual he or she should discontinue its use. May aggravate existing skin, eye, or respiratory tract in sensitive individuals.

### Section 4 – First Aid Measures

Inhalation: If respiratory irritation occurs remove to fresh air. Encourage patient to blow nose to clear breathing passages.

Eye Contact: Immediately hold the eyes open and flush with fresh running water for at least 15 minutes. Ensure irrigation under the eyelids by occasionally lifting upper and lower lids. Seek medical attention if irritation persists.

Skin Contact: Wash affected areas thoroughly with water (and mild soap if available). Seek medical attention if irritation persists.

Ingestion: DO NOT induce vomiting unless directed to do so by physician. Vomiting may occur spontaneously, especially following massive ingestion. Observe the patient carefully. If he or she appears drowsy do not give any fluids. Otherwise, give water or milk to rinse out mouth. Then gradually provide liquids, giving as much as patient can comfortably drink.

### Section 5 – Fire-Fighting Measures

Flash point: Not applicable

Extinguishing Media: Suitable for surrounding fire.

General Fire Hazards: Should not present a fire hazard under normal conditions of use.

Hazardous Combustion Products: None anticipated

Fire-Fighting Instructions: This product should not be considered a fire hazard. If a fire does occur, contact fire department and tell them location and nature of hazard. Have MSDS' for all materials in the general area of the fire readily available.

**Section 6 – Accidental Release Measures**

Small Spills: Scoop up and dispose of in accordance with all applicable regulations. Flush spill area with water.

Large Spills: Carefully scoop up, and place residues in clean containers for proper disposal. Wash area down with large quantity of water.

**Section 7 – Handling and Storage**

Handling Precautions: Use good hygiene practices. It is best not to eat, drink, or smoke when handling.

**Section 8 – Exposure Controls / Personal Protection**

Engineering Controls: Use in a well-ventilated area.

Personal Protective Clothing/Equipment:

Eyes: None required during normal use.

Hands/Feet: Not normally required. Gloves may be worn for extended use or with sensitive individuals.

Respiratory Protection: Not normally required.

**Section 9 – Physical and Chemical Properties**

Appearance and Odor: White to off-white solid

Vapor Density (Air=1): >1

Specific Gravity (Water=1): >1

Solubility in Water: Soluble

**Section 10 – Stability and Reactivity**

Stability: Generally stable.

Polymerization: Will not occur.

Incompatibilities: None anticipated.

**Section 11 – Toxicological Information**

This material has not been tested as a whole.

For Sodium Chloride – Oral (rat) LD50 = 3000 mg/kg

**Section 12 – Ecological Information**

Environmental Fate: No data found

Ecotoxicity: No data found

**Section 13 – Disposal Considerations**

Disposal: Recycle wherever possible. Follows applicable federal, state, and local regulations.

**Section 14 – Transport Information**

DOT Transportation Data (49 CFR 172.101): Not a regulated material

**Section 15 – Regulatory Information**

For mixture or components present in quantities greater than 1% -

RCRA 40 CFR: Not regulated

CERCLA 40 CFR 302.4: Not regulated

SARA 40 CFR 372.65: Not regulated

SARA EHS 40 CFR 355: Not regulated

TSCA: Components of this material have been listed in the TSCA index

**Section 16 – Other Information**
