Peace

42 x 60

purewater baths™
engineered by Sanijet®

Peaceful and Inviting

The rectangular Peace is the perfect fit for virtually any home spa bathing environment, offering a wide and deep bathing vessel. Featuring both Elite and Essential Hydromassage System options, the Peace offers four or six jet configurations and powerful Convergent Flow Technology (CFT) for a rejuvenating, authentic spa experience.

- The rectangular Peace is ideal for installations with limited space, offering relaxing and rejuvenating massage that is perfect for the single bather
- Featuring the **Elite or Essential Hydromassage System** with four or six ultra-quiet Pipeless™ jets
- For drop-in, undermount and three-wall alcove installation with an end-drain location
- Available with ChromaSoothe lighting, ergonomic grab bars, decorative drain with integral overflow and matching acrylic skirt

The Pipeless™ Advantage

Every Purewater® Bath features the purity of Pipeless™ technology. With no pipes to trap bath residue and foster the growth of harmful bacteria commonly found in most ordinary piped and air-bubble systems, our patented Pipeless™ system ensures hospital-grade disinfection. Every time you slip into a Purewater® Bath it's pure, clean and sanitary – exactly the way bathing is supposed to be.

Smooth, Quiet Operation

Whisper quiet and free of vibration, Purewater® Baths produce half the noise of conventional piped whirlpools and a fourth as much as air-bubble baths, ensuring your spa bath experience is peaceful and relaxing.

True Spa-Quality Hydromassage

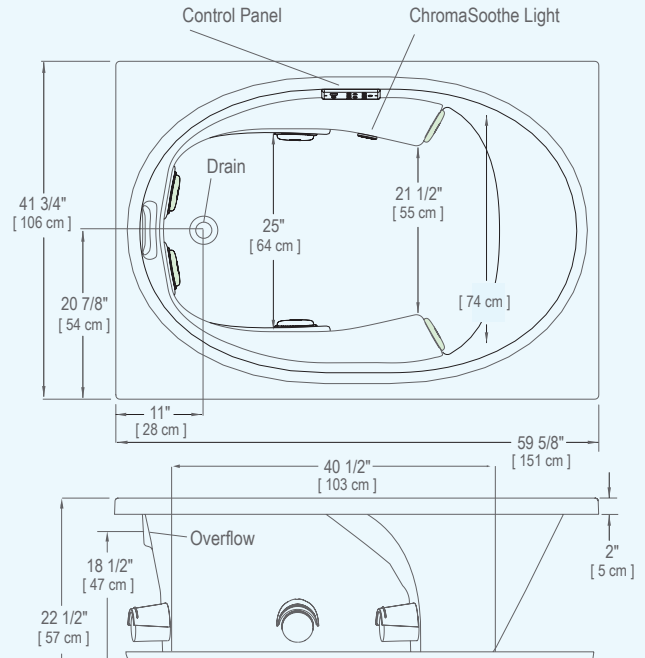

Envelop your body in a soothing cushion of relaxing hydromassage. Purewater® Baths combine simple water flow with advanced technology and complete hydromassage control to create a genuine, spa-quality bathing environment. Whether soaking or using active hydromassage, enjoy your favorite essential oils and thermal bath salts with confidence – any residue left behind can be completely cleaned after each use.

The Peace is available with the **Elite Hydromassage System** featuring multiple preprogrammed massages, designed by hydromassage experts to deliver maximum benefit at the touch of a button. It is also offered with the **Essential Hydromassage System** that delivers two comfortable water flow levels, for authentic spa bathing.

Standard Features

- Pipeless™ spa baths can be thoroughly cleaned in approximately five minutes
