

Safety Data Sheet (SDS)

Product Name: FX Massage Gel

Section 1: Identification

Product Name: FX Massage Gel

Product Class: Mixture, Massage Oil - Gel

Intended Use: For external use only. Do not ingest as such.

Supplier:
Manufactured for Scrip
Companies
360 Veterans Pkwy
Bolingbrook, IL 60440

Emergency telephone:

Emergency Chem-Tel 1(800) 255-3924 or USA National Poison Control Center (412) 681-6669

Section 2: Hazard(s) Identification

Classification: This product is not considered hazardous by OSHA Hazardous Communication Standard (29 CFR 1910.1200). This SDS sheet does contains important information critical to use regarding the product and should be kept for us by employees and users of this product.

Precautionary statements:

Eye Contact: Not significant. Do not put into eyes or may cause irritation. Rinse with water several minutes and if irritation persists get medical advice/attention.

Skin Contact: Not expected to cause any skin reactions. if mild irritation occurs discontinue use. Wash thoroughly with soap and water.

Ingestion: Do not ingest. May be harmful is swallowed. For external use only.
Call poison control or doctor if you symptoms persist and you feel unwell.

Storage Precautionary Statements:

Store at room temperature. Not intended to be left in extreme temperatures.

Disposal Precautionary Statements:

Dispose of contents/container according to federal, state, or local regulations.

Section 3: Composition/Information on Ingredients

Inci Name	CAS #	Function	
Sunflower Seed Oil (Helianthus Annuus)	8001-21-6	Oil	
Soybean Oil (Glycine Soja)	8013-07-8	Oil	
Octyl Palmitate	29806-73-7	Emollient	
PEG-20 Glyceryl Stearate	52258-08-8	Emollient	
Synthetic Wax	Vendor Proprietary	Wax	
Natural Beeswax	8012-89-3	Wax	

Safety Data Sheet (SDS)

Product Name: FX Massage Gel

Arnica montana (Arnica) Flower Extract	68990-11-4	Humectant	
Tocopherol Acetate (Vitamin E)	59-02-9	Antioxidant	
BHT	128-38-0	Presevative	

Section 4: First-Aid Measures

Description of first aid measures:

Ingestion: Rinse mouth with water. Obtain medical advise.

Skin Contact: Wash with copious amounts of soap and water. Seek medical attention if irritation develops or persists.

Eye Contact: Rinse eyes thoroughly with potable water for at least 15 minutes and remove contacts if easy to do. Rinse under eyelids to remove any material. Seek medical attention if irritation persists.

Inhalation: Remove victim to fresh air. Seek medical attention immediately if person is unconscious or if breathing difficulty continues. Give artificial respiration and CPR if necessary.

Most important symptoms and effects:

Ingestion: May cause irritation to mouth, throat, and gastrointestinal tract.

Skin Contact: May cause irritation or redness. May produce an allergic reaction.

Eye Contact: May cause severe irritation or redness.

Inhalation: Not expected but if any irritation to nose, throat, and respiratory tract occurs with coughing, sneezing, and shortness of breath go to open fresh air and ventilate area.

Indication of any immediate medical attention and special treatment needed:

If needed, have the label or container available.

Section 5: Fire-Fighting Measures

Extinguishing media: Use foam or dry powder. DO NOT USE WATER.

Special hazards arising from the substance or mixture: Mixture contains oils that are combustibile at extreme temperatures.

Fire hazard: Ordinary combustibile hazards in a fire.

Advice to firefighters: Suitable protective body suits, eye protection and respiratory ventilation devices should be worn to avoid breathing vapors.

Section 6: Accidental Release Measures

Personal precautions: Do NOT Smoke and do NOT expose to open flame, sparks, hot surfaces or sources of ignition. In case of accidental release, use caution as the floor may become slippery. Wear appropriate protective equipment and clothing during clean-up.

Environmental precautions: Carefully contain and stop the source of spill. Product should not be excreted into drains or discharged into surface water or groundwater. Should a release of this product enter a US waterway and cause a film or sheen, the National Response Center (NRC) must be notified within 24 hours at (800) 424-8802.

Methods and materials for containment and cleaning up: Use inert, non-combustibile, absorbent materials to soak up spill if small and contained. Spilled product should be placed in suitable container for proper disposal according to all federal, state and local regulations.

Safety Data Sheet (SDS)

Product Name: FX Massage Gel

Section 7: Handling and Storage

Precautions for safe handling: Do not ingest. Wash thoroughly with potable water and mild soap after handling.

Conditions for safe storage, including any incompatibilities: Keep container in a cool, dry, and well-ventilated place. Observe label precautions. Only store in original container. Storage temperature are recommended at room temperature.

Section 8: Exposure Controls/Personal Protection

Control parameters: Follow applicable regulations in your jurisdiction.

Currently recommended monitoring procedures: No recommendations.

Exposure Controls:

Appropriate engineering controls: Use local exhaust ventilation when possible to remove and prevent buildup of vapors/fumes.

Individual protection methods: Use good industrial hygiene practices in handling this material. Eye wash stations should be available. Wash exposed skin and face thoroughly with potable water and mild soap after use. If any irritation, redness, or a rash is noted, treat symptomatically or consult a doctor. Wear gloves, safety glasses, and protective clothing. In case of eye contact, flush with plenty of clean, potable water for at least 15 minutes. Remove contacts if easy to do so. Seek medical attention immediately. Wash contaminated skin before eating, drinking or smoking.

Personal Protect Equipment (PPE):

Eye/Face: Optional goggles/face shield can be worn for protection.

Skin: None needed.

Feet: Wear suitable foot protection to avoid potential slips if product is spilled on the floor.

Respiratory: If airborne concentrations are above the applicable exposure limits, use NIOSH-approved respirator if qualified.

Section 9: Physical and Chemical Properties

Physical State:	Oil-Gel Mixture
Color:	Yellowish
Odor:	None
Odor Threshold:	No data available
Melting Point:	No data available
Freezing Point:	No data available
Initial Boiling Point:	No data available
Flammability (solid, gas):	No data available
Lower and Upper Explosion	No data available
Flash Point:	No data available
Auto-Ignition Temperature:	No data available
Decomposition Temperature:	No data available
pH:	No data available
Kinematic Viscosity:	No data available
Solubility:	Not soluble

Safety Data Sheet (SDS)

Product Name: FX Massage Gel

Section 9: Physical and Chemical Properties

Partition Coefficient:	No data available
Vapor Pressure	No data available
Density	No data available
Density (and/or Relative Density):	Specific Gravity (Water=1) >1
Water solubility	Insoluble in Water
Viscosity, dynamic	No data available
Relative Vapor Density:	No data available
Particle Characteristics:	No data available

Section 10: Stability and Reactivity

Reactivity: Not studied as distributed.

Chemical stability: Stable under recommended conditions of storage and use.

Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous reactions will not occur. Hazardous polymerization will not occur.

Conditions to avoid: Heat, sparks, flames, hot surfaces, sources of ignition or high temperatures.

Incompatible materials: Incompatible materials and possible hazardous reactions may occur with oxidizing mineral acids, reducing agents, or other strong oxidizing agents.

Hazardous decomposition or byproducts: Carbon monoxide and other unidentified organic compounds may be formed upon combustion.

Section 11: Toxicological Information

Information on toxicological effects:

Acute Exposure and Symptoms:

Ingestion: May cause irritation to mouth, throat, and gastrointestinal tract.

Skin Contact: May cause irritation or redness. May produce an allergic reaction.

Eye Contact: May cause severe irritation or redness.

Inhalation: May irritate the nose, throat, and respiratory tract. Coughing, sneezing, and shortness of breath may occur following exposure.

Chronic Exposure:

No data exists for chronic exposure to the product.

Numerical Measures of Toxicity

No information exists for the product as distributed.

Component Carcinogenicity

This product does not contain any substances listed as a known or suspected carcinogen.

Other Toxicological Information

Reproductive toxicity: Not classified.

Germ cell mutagenicity: Not classified.

Respiratory or skin sensitization: Not classified.

Specific target organ toxicity, single/repeat exposures: Not classified.

Aspiration hazard: Not classified.

Safety Data Sheet (SDS)

Product Name: FX Massage Gel

Section 12: Ecological Information (non-mandatory)

Ecotoxicity: Product has not been studied as distributed.

Acute aquatic toxicity: Product has not been studied as distributed.

Persistence and degradability: Not studied as distributed.

Bioaccumulation: Not studied as distributed.

Mobility in soil: Not studied as distributed.

PBT and vPvB: Not studied as distributed.

Other adverse effect: Do NOT allow product to enter sewers, streams or other bodies of water.

Section 13: Disposal Considerations (non-mandatory)

Waste treatment methods:

General Product Information: Whatever cannot be saved or recovered for recycling should be disposed of according to state and local regulations. Dispose of container and unused contents in accordance with federal, state and local requirements.

Section 14: Transport Information (non-mandatory)

Transportation Information:

In accordance with DOT – not regulated

Section 15: Regulatory Information (non-mandatory)

15.1 Safety, health, and environmental regulation:

US Federal Regulations

General Product Information: Oil-Gel Mixture.

State Regulations

General Product Information: Other state regulations may apply. Check individual state requirements.

California Prop. 65 Components: No component of this product present at $\geq 0.1\%$ is listed on the California Proposition 65 List.

Carcinogenic categories

National Toxicology Program (NTP):

Product is not listed. No components of the product are listed.

International Agency for Research on Cancer (IARC):

Product is not listed. No components of the product are listed.

Environmental Protection Agency (EPA):

Product is not listed. No components of the product are listed.

American Conference of Governmental Industrial Hygienists (ACGIH):

Product is not listed. No components of the product are listed.

National Institute for Occupational Safety and Health (NIOSH):

Product is not listed. No components of the product are listed.

Occupational Safety & Health Administration (OSHA)

Safety Data Sheet (SDS)

Product Name: FX Massage Gel

Section 15: Regulatory Information (non-mandatory)

Product is not listed. No components of the product are listed.

Section 16: Other Information

Other Information

Disclaimer: The information presented in this SDS is based on the information available at the time of authoring. This information is considered to be reliable and accurate at the time of authoring but is not guaranteed to be so after publication. Since conditions of use are beyond the control of the supplier no warranties are made, expressed or implied, except those that may be contained in written contracts of sale or acknowledgment.
