

# Slimming & Cellulite Body Wrap

## DESCRIPTION

The Slimming & Cellulite Body Wrap is a special formulation that has been developed by our Laboratories and designed to reshape the body as part of a slimming care program.

### *Nature of the product*

Our Slimming & Cellulite Body Wrap consists of a mixture of the brown seaweeds, *Fucus*

## USES

The Slimming & Cellulite Body wrap is a 100% natural product used in Thalasso / Balneo and in Beauty Parlors, which take advantage of its multiple properties.

### *Cosmetics / Thalasso / Spas*

Our formulation has the special physic-chemical and biological properties of each of the seaweeds it contains. It maintains and re-establishes the skin's natural balance and has the ability to nourish and purify the skin.

The *Fucus* and *Ascophyllum* supply iodine that plays an important role in terms of slimming and purifying properties.

The *Lithothamnium* has a remineralising and absorbent action that promotes the elimination of toxins during the care program.

### *Application*

- Mix 250 g of Slimming & Cellulite Body wrap with 400 g of warm water to obtain a smooth uniform paste.
- Leave standing for a few minutes.
- Apply in thick layers, taking care to previously clean the area to be treated.
- Wrap the person being treated in warming blankets for 30 minutes or put under an infrared lamp for about 20 minutes.
- At the end of the treatment, remove the body wrap and give the person a hot shower.

# Slimming & Cellulite Body Wrap

**This treatment is made up with seaweed which possess the powers of the sea to record tangible and visible body detox and firming results. The technology which has been developed for the performance of the treatment is such that the mask is peeled off from the body. This superlative advantage allows this technique to be implemented in any spa center without resorting to shower equipment.**

## **TECHNIQUE OF APPLICATION ( one cup of tea is advise before treatment )**

1. Perform first a cleansing of the body skin with the Body Cleansing Gel to remove sebum secretions and impurities so that the skin is prepared for scrubbing.
2. Apply then Body Scrub to lift and remove dead cells and thin out rough surfaces for the skin to freely breathe, get stimulated and stands ready to the application of further treatment products.
3. Apply sliming Oil with Essential Oils on body areas amenable to treatment. This Oil is made up with highly concentrated plant extracts which are meant to favor the blood circulation, flush out the tissues choked up by fatty deposits, toxins and waste liquids while working on the unwanted fats to break them up.
- 4-Apply the slimming Phyto-Modeling Gel over the body either manually or by iontophoresis. Gel contains various draining , Sliming , shaping and detox natural ingredients to improve body contours.
5. Prepare a wrapping sheet.
6. Adhere to the following procedure for the preparation of Slimming Body Wrap:
  - \*Pour between 100 ml of Mask in a bowl, adjusted to each individual's profile.
  - \* Pour slowly between 250 ml of water onto the powdered mask.
  - \* Stir for homogenisation to get a paste applicable over the body with a BRUSH
  - \* Apply rapidly the blend with a brush and insist on critical areas.
  - \* Wrap up the entire body with the sheet to promote a gentle warmth for a steadily easier diffusion of the ingredients into the tissues.
  - \* Leave over the body for 20 to 30 minutes.
  - \* wash the Mask.
7. Apply then Activ-5 Modeling sliming Cream to complete and reinforce the results achieved with Mask and firm up the tissues then apply body lotion has a faster penetration into skin.
