

LUCAS-CIDE KNOCKS OUT MONKEYPOX!

All LUCAS-CIDE® disinfectants appear on the EPA's List Q: Disinfectants for Emerging Viral Pathogens (EVPs). Keep your clients and staff safe by using LUCAS-CIDE to kill emerging viral pathogens like Monkeypox on non-porous surfaces.

Learn more about List Q by visiting www.epa.gov/pesticide-registration/disinfectants-emerging-viral-pathogens-evps-list-q
