

Brow Mapper

For perfectly shaped brows!

Professional tools help Brow & Lash Artists to deliver the best service to their clients. Creating and shaping amazing brows is a skill that needs mastering. The first step towards expertly created brows is to find the perfect shape for each brow and face shape. The new RefectoCil “Brow Mapper” allows precise brow mapping but can also be used to draw the outline of the brow shape before tinting.

- Intense colour pay-off
- With antioxidant Tocopherol
- Waterproof yet easy to remove
