

Section 1: Identification

Finished Product Name: Champagne & Rose Scrub

Product Reference #: 11001-2

Product Type: Finished Product

Product Category: Personal Care Beauty product

Consumer Intended Use: Topical unbroken skin

Effective Date: 6-9-2015

Company Identification: Keyano Aromatics Inc.

Contact Information:

100 Ford St.

Ballston Spa NY 12020

518 899-5310

In case of Medical Emergencies, please contact your local poison Control Center.

HMIS Rating: Health 0 Flammability 0 Physical Hazard 0

Section 2: Hazard(s) Identification

Emergency Overview:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use

Hazard Classification: Not Classified Signal Word(s): N/A Hazard Symbol(s): N/A

Hazards Statement: There are no additional ingredients present, which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment

Precautionary Statements:

For External Use Only

Avoid Eye Contact: Contact may cause irritation. Some redness and/or stinging may occur. If contact occurs flush thoroughly with water

Keep out of reach of children

Section 3: Composition/Information on Ingredients

Product Ingredient List:

Sodium Chloride, Water, Glycerin, Sodium Laureth Sulfate, Cetyl Alcohol, Butyrospermum Parkii (Shea Butter), Sodium Benzoate, Sodium Dehydroacetate, Vitis Vinifera (Grape) Seed Oil, Citrus Grandis (Grapefruit) Seed Extract, Lavandula Angustifolia (Lavender) Oil, Xanthan Gum

This product does not contain ingredients considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Section 4: First Aid Measures

Eye Contact: Thoroughly rinse affected eye(s) with water for 15-20 minutes. If wearing contacts remove before rinsing eye(s) if discomfort or irritation persists, seek medical attention.

SAFETY DATA SHEET Finished Good

Skin Problem: Discontinue use of product. Apply cold compresses to affected area(s) to relieve discomfort.

If discomfort or irritation persists, seek medical attention.

Inhalation: Not an expected route of exposure. If respiratory irritation does occur, remove individual to fresh air. Discontinue use.

Ingestion: Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion, dilute with fluids (water or milk) and treat symptomatically. After First Aid Treatment, a hospital emergency or family physician should be consulted if anything unusual occurs or appears necessary. Most important symptoms/effects acute and delayed: None known

Medical Conditions Generally Aggravated by Exposure: Open cuts or wounds, use on mucus membranes, and highly sensitive skin.

Section 5: Fire Fighting Measures

Flash Point: Not applicable

Extinguishing Media: Water in a fine spray, Alcohol resistant foam, CO2, Dry Chemical

Special protective equipment and precautions for firefighters: None known

Fire and Explosion Hazards: No applicable hazards known

Section 6: Accidental Release Measures

Personal precautions: None under normal use conditions

Protective equipment: None required

Emergency Procedures: None required

Procedure if Product is leaked or spilled:

Small spills: Clean up with damp cloth then rinse area with water.

Large spills: Cover with absorbent material, soak up and sweep into drum

Dispose of in accordance with local, state or regional regulations

Environmental precautions: Prevent further spilling or leakage. Prohibit large spills from entering drains and being released into the environment

Section 7: Handling and Storage

Precautions for safe handling:

Utilize standard safe handling and transportation techniques to avoid spillage or rupture of the product containers. Avoid eye contact

Precautions for safe storage:

Product is stable and does not require special storage conditions. Storage in large quantities (as in warehouses) should be stored in amicable conditions avoiding extreme heat/cold/direct sunlight which could alter the cosmetic appeal of product. No incompatible materials known.

Section 8: Exposure Controls/Personal Protection

Engineering Controls: This is a consumer product that is safe for consumers under normal and reasonably foreseeable use

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended in a household setting

Respiratory Protection: No special protective equipment required

Ventilation: no special ventilation required

Protective Gloves: No special protective equipment required

Eye Protection: Not required in a household setting. In an industrial setting if there is a large quantity spill use safety glass/googles if splash hazard exists

Protective Clothing or Equipment: No special protective clothing or equipment required

Work hygienic Practices: Always follow good hygienic work practices

Section 9: Physical/Chemical Characteristics

Appearance: Thick White Paste made with salt

Physical State: Solid

Odor: Characteristic

PH: 6.71

Specific Gravity: g/ml

Boiling Point: No information available

Solubility in Water: Soluble

Melting Point: No information available

Flash Point: No information available

VOC Content: None

Vapor Density: No information available

Section 10: Stability and Reactivity

Chemical Stability: Stable under normal storage, handling, use and transportation

Incompatibility (Materials to Avoid): None known

Hazardous Decomposition or Byproducts: None known

Conditions to Avoid: Extreme temperature conditions

Possibility of hazardous reactions: None under normal use conditions

Section 11: Toxicological Information

Acute Toxicity: Product does not present an acute toxicity hazard

Acute Inhalation: No known effect

Acute Skin: No known effect

Acute Ingestion: Oral toxicity is not anticipated, but may cause stomach distress, nausea or vomiting

Acute Eye: Contact may cause mild, transient irritation

Chronic Toxicity: Product is not expected to have chronic Health effects

Corrosivity: No known effect

Sensitization: No known effect

Reproductive Toxicity: No known effect

Neurological Toxicity: No known effect

Carcinogenicity: Finished product does not contain ingredients above reportable quantities listed as a carcinogen

No known health hazards; immediate and delayed

Section 12: Ecological Information

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

Section 13: Disposal Considerations

Waste Disposal Method:

Small quantities/Household: Treat as general household waste.

Large quantities/Non-Household: Should not be released into the environment. Dispose of in accordance with local, state and Federal regulations.

Section 14: Transport Information
--

Finished packaged product transported as Non-hazardous. Special precautions and handling are not required

DOT: Not regulated

IATA: Not regulated

IMDG: Not regulated

Section 15: Regulatory Information

While this finished product is not considered hazardous, this SDS contains valuable information for safe handling and proper use of this product.

Fragrances contained within the products covered by this SDS comply with the appropriate IFRA guidance. CA Prop 65: This product is not subject to warning labeling under California Proposition 65

Section 16: Other Information

This SDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material and is accurate to the best of the company's knowledge

This SDS is written for handling large quantities of product and some sections may not apply to consumers with normal use of the product.
