

EARTHLITE STOWAWAY™

INFLATABLE MASSAGE BOLSTER

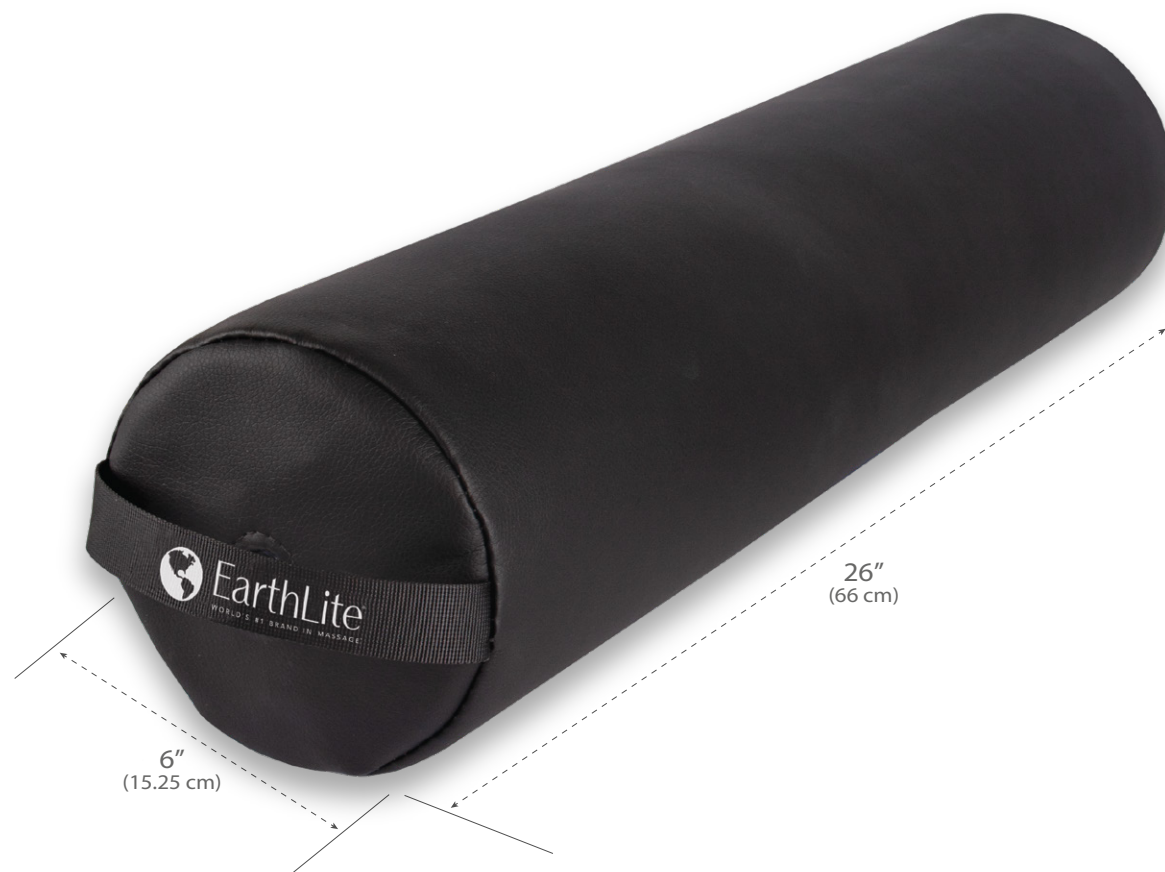

This professional quality Stowaway Bolster relieves ankle, knee and lower back strain during massage and other prone and supine treatments. Stores and travels compactly, while not compromising on comfort or support. Inflate to desired firmness, while cushioned lining retains soft feel during use. This proprietary compact design incorporates an inflatable air bladder in a foam lined, commercially stitched durable PU fabric. A convenient sewn-in nylon handle makes for easy adjustments. Deflate for compact storage and easy travel.

Features

- Relieve stress on the lower back during massage by placing under knee or ankle to relieve strain
- Inflate to desired firmness, cushioned foam liner retains soft feel
- Compact design deflates easily for storage in your tables carry case
- Generously sized (6" diameter x 26" long) inflated
- Made from quality eco-friendly foam with Black or Beige Comfort-Flex™ rayon-backed upholstery, and an inflatable air bladder
- 1-Year Warranty
