

## CUTSHEET

### PROJECT:

**Model:** Welnamis

**Product:** Sound Massage System

#### Description:

**Sound Massage System, available exclusively at Gharieni**

The Welnamis experience provides the key benefits of mindfulness, meditation and deep relaxation techniques. Special music, which is applied through gentle acoustic waves with binaural sounds, effects a completely new anti-stress experience during a 30 or 60 minute sound therapy treatment. The technique the therapy is based on is the Quantum-Harmonic-Sound Therapy. Precise and complex audio frequencies matched to the organs and energy centers (chakras) of the body can be experienced via the special designed Stereo Headphones. The Welnamis System provides intense body and muscle relaxation within a few minutes when combined with the highly efficient oscillation massage system integrated in the lying surface. The ultimate way of recreation, refreshment and revitalization. Clinical study carried out by independent researchers and laboratories have proven the effectiveness in a wide range of applications:

- 40% to 60 % less stress, angst, trauma and depressive symptoms after just 1 treatment.
- Improved quality and quantity of sleep by up to 80 % within just 14 days.
- Reduced anger, angst and mood fluctuations.
- Reduced psychological based aspects of pains.

Welnamis can also be used as a standalone application or in combination with further treatments such as massages, body wraps and cosmetic treatments; so you can integrate Welnamis into practically each treatment schedule. The Welnamis can be easily and safely operated. Any treatment outcome will be improved by using Welnamis.

\*The above-mentioned prices are to be understood Net, USD, EXW Boca Raton, FL USA (excl. transport, delivery, fees, installation, costs )

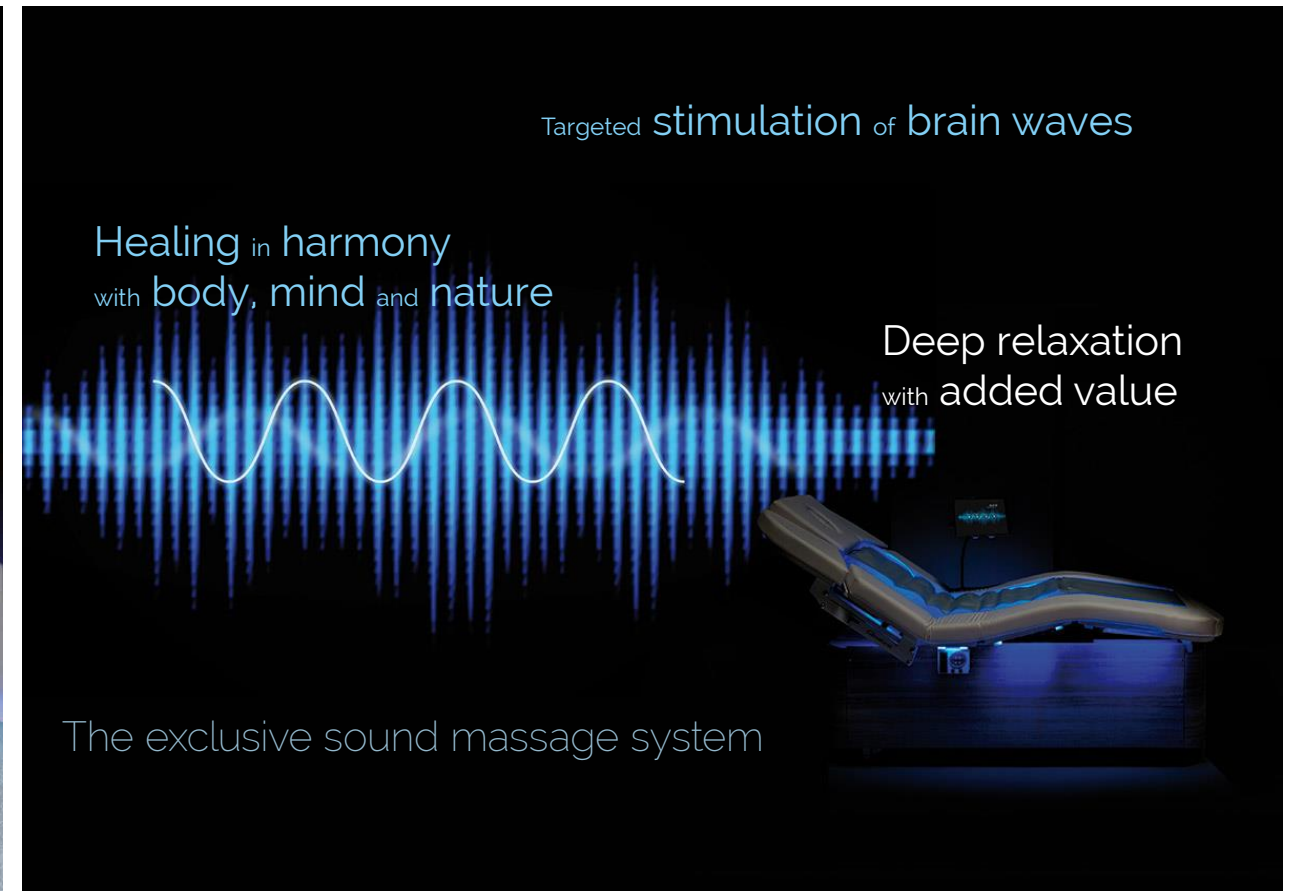

## CUTSHEET

PROJECT:

Model: Welnamis

Product: Sound Massage System

**Description:**

The Gharieni Welnamis treatment experience provides the key benefits of mindfulness, meditation, and deep relaxation. Our Binaural Sound System can be added on as an additional option to following treatment table: MLW Amphibia.

**MLW Amphibia:** Used for both facial treatments or whole body treatments the MLW Amphibia is a multi purpose bed that can integrate either a water feature with the use of a waterbed pad or a traditional upholstery pad. Enhancing the treatment experience with its illuminated pad option truly differentiates from a more typical treatment bed.  
height: 21.3 - 35.4 in // length: 79.5 in // basic width 21.7 in // width of the bed surface: 33.5 in // elevating force: 550 lbs // load bearing capacity: approx. 660 lbs
