

Phyto Mask Activator

For All Skin

Dr. Jeff® Phyto Mask Activator is a custom-formulated mask activating liquid that hydrates and soothes the epidermis. Synergistically blended with Himalayan Red Rice Stem Cells, minerals and botanicals, it complements all Dr. Jeff® collagen fiber masks and powder masks for an instant radiant and supple appearance. For all skin.

Directions

Activate collagen fiber mask or powder mask with an appropriate amount of the Phyto Mask Activator. Follow the detailed directions of the individual Mask for optimal result.

Avoid Direct Contact with Eyes.

Tips

* For a typical powder form of facial mask application, use approximate 60 ml (2 fl oz).

* For a collagen fiber mask application, use 45 ml (1½ fl oz) of Activator for best results.

* Customer may feel a tingling sensation if used full strength of the Activator.

If a weaker tingling sensation is preferred, the Activator could be diluted with distilled water (e.g 50% Activator, 50% water)

Ingredients

Water (Aqua), Glycerin, Butylene Glycol, Ozonized Oryza Sativa (Rice) Callus Culture Extract, Dipotassium Glycyrrhizate, Sodium PCA, Allantoin, Panthenol, Magnesium Aspartate, Zinc Gluconate, Copper Gluconate, Aesculus Hippocastanum (Horse Chestnut) Seed Extract, Avena Sativa (Oat) Kernel Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Borago Officinalis Extract, Ginkgo Biloba Leaf Extract, Leuconostoc/Radish Root Ferment Filtrate, Sodium Citrate, Hydroxyethylcellulose, Tetrasodium EDTA, Citric Acid.
