

Collagen Fiber Mask, Pure

For Dry, Sensitive, & Mature Skin

Dr. Jeff[®] Collagen Fiber Mask, Pure, a freeze-dried Collagen mask infused with emollients, is specially formulated to alleviate irritated, dry and mature skin. Due to its outstanding moisture-binding properties, Collagen is extremely hydrating. It is anti-irritant and soothes itching. Fragrance-free and preservatives-free, the mask is beneficial for all, dry and mature skin.

Directions

1. Cleanse and tone face thoroughly.
2. Massage face and neck gently. Apply an ampoule or serum, if desired.
3. Mark and cut the Mask around the eye and nose areas.
4. Position the trimmed Mask on both sides of the face properly. Start with one side of the face and press lightly to adjust for a comfortable position. Repeat on the other side of the face. Avoid re-adjustment of the position. Cover nose and neck areas with the remaining cut pieces.
5. Moisten the Mask with about 50 mL (1.7 fl oz) of Phyto Mask Activator by dabbing with a sponge or a mask brush. Avoid bubble forming.
6. Activate the Mask by gently massaging with fingertips to release and mobilize active ingredients.
7. Allow 20-30 minutes for penetration.
8. Remove the Mask in one piece by rolling from chin to the hairline.
9. Continue with the treatment program.
10. Use once or twice weekly for best results.

Ingredients

Collagen, Hydrogenated Polyisobutene, PPG-15 Stearyl Ether, PEG-40 Sorbitan Peroleate.

Benefits

Collagen - a good skin-protecting agent; anti-irritant, hydrating, smoothing, & softening; stable, non-allergic
